What would he give for the coffee you serve?

Like a million other women, you can serve coffee that he would give most anything to have—coffee which starts the day "right" for all.

Everyone loves the rich flavor of Arbuckle's Coffee. Of all the coffees in America today, it is by far the most popular!

One woman says: "My husband used to swallow his coffee and hurry off. Now we have Arbuckle's and you'd think it was Sunday's breakfast."

Until you try Arbuckle's you will never know what a difference good coffee can make in your home.

Today there are whole towns where Arbuckle's is practically the only coffee used. In one State, alone, in a year, four pounds of Arbuckle's Coffee was used for every man, woman and child in the State—four times as many pounds of coffee as the population of the State! Arbuckle Bros., New York.

PLEA FOR BENTON

Governor Capper Builds Fire Under John R. Connelly.

Executive Wages Campaign in the Sixth District.

SUPPORTS C. M. HARGER NEXT

Governor Will Make Last Offensive in Fifth.

Congressional Attempts to Replace Two Democrats.

Beloit, Kan., Oct. 10.—Governor Capper began his second week of the campaign today when he started a fire under Congressman John R. Connelly of the Sixth district and urged the election of Otis L. Benson of Oberlin to congress. The governor began his campaign for Benton in the home town of Max Anderson, whom Benton defeated for the congressional nomination. Anderson recently issued a strong statement favoring the election of Benton and has used his influence in an effort to line up his friends and primary supporters.

The governor's plea for the election of Benson was even stronger than his speech for John Simmons in the Seventh district last week. It contained a personal reminiscence of the long friendship and acquaintance with Benson, although the speech lacked the personal kick for Connelly which was so strongly a feature of the governor's indictment of the record of Congressman Joseph Shouse in the Seventh district.

Close Contest. Reports during the first day in the district indicated that the Connelly fight is far closer and probably more bitter than the Simmons-Shouse contest in the Seventh district. Two years ago John Connelly won his reelection to congress when he polled 27,359 votes as against 21,353 for John L. Dykes of Lebanon, the Republican nominee. Mrs. Eva Morley Murphy of Goodland, Progressive candidate, polled 6,874 votes. John S. Leavelle, Socialist, received 2,631 votes. Should he secure the Dykes vote and the Murphy vote of two years ago, without changes in the Socialist or Democratic vote, Benton would win by 841.

Benton's friends in the district, however, contend that Dykes in 1914 lost many Republican votes which will be cast for Benton this year. That is an issue which the November election results must determine. The fight to save Benton will be carried thru fourteen of the twenty-two counties of the district before Governor Capper concludes his speeches for the congressional nominee. The trip today began in Minneapolis, Ottawa county. Fifth district territory. The governor entered Mitchell county to speak for Benton. Tonight he will speak in Osborne. Concluding his Sixth district campaign next Friday, the governor will enter the Fifth district to campaign for Chas. M. Harger.

Speaking for Benton Governor Capper said: "I want to say a few words here in regard to your Republican nominee for congress. I congratulate you people of the Sixth district upon the fine prospect you have of sending a Republican congressman to Washington. And I want to congratulate you upon the caliber of the Republican you have an opportunity to send. He is of real congressional timber."

When He Came to Topeka. "I have known Otis L. Benton for the last thirty years. I remember the first time I ever saw him. He was a poor boy who had come to Topeka to get a job so he could earn money with which to pay his way thru college. He got the job—that of a newspaper carrier—and he got his college education. He impressed me then as a young man who had the right kind of stuff in him, and he demonstrated since that I was right in my judgment."

"I have watched the career of Otis Benton as a successful business man, and as a fine citizen, with pride and satisfaction. He knows and appreciates the people of the Sixth district among whom he has lived so many years as few men know and appreciate them. He knows the needs of the district and what is expected of a representative in Washington. Otis Benton is highly qualified to represent this big, forward-looking, prosperous district in congress."

Governor Capper started his campaign trip this morning from Abilene. He will drive through the Fifth and Sixth districts this week, making a campaign for Benton and Harger similar to the fight last week for John Simmons in the Seventh district.

NEED MORE PATRIOTISM

Tendency of Nation Towards Satisfaction Rather Than Safety.

Kansas City, Mo., Oct. 10.—B. L. Winchell, traffic director of the Union Pacific railroad, speaking before the Knife and Fork club here last night, addressed an appeal for good citizenship to Americans. He declared the tendency of the United States was toward self-satisfaction which, in the speaker's opinion, led to "national cowardice."

"I want to lay particular stress upon the too busy citizen—the one who hasn't time to register or to vote, who saves his conscience by boasting that he has marched in a preparedness parade," the railroad man said. "To be a good citizen, a man should not choose the flower line path of comfort but the rocky road of duty."

"Things are not going well with our country from the standpoint of her future. She needs more of your time, more of your thought and your energy—and needs it now."

"Safety first in the matter of citizenship should come only if safety can be had with honor."

Scottish Rite Masons Meet. Guthrie, Okla., Oct. 10.—The co-ordinate bodies of the Ancient and Accepted Scottish Rite of Freemasonry of Oklahoma opened a three-day fall reunion here today. It was expected that at least 400 Masons and candidates for degrees will attend the reunion which will close Thursday. Today's session was devoted to conferring the fourth degree, and the ceremonies will be continued until Thursday evening, when the thirty-second degree will be conferred. A banquet will be one of the features of the closing day's session.

MEET IN TOPEKA

State-Wide "Enforce Peace" Congress Comes Here.

William Howard Taft and Secretary Baker to Speak.

KANSAS TO BE WELL ORGANIZED

Officers Chosen by Representative W. R. Boyd, Jr.

Every County Will Be Solicited for Supporters.

Kansas today began doing her share in providing for world peace in the future, when the governor accepted the state chairmanship of the Kansas branch of the International League to Enforce Peace. Former Gov. W. R. Stubbs is chairman of the state executive committee and Scott Hopkins, state secretary. The appointments were made following a conference in the governor's office attended by W. R. Boyd, Jr., representing the national executive committee.

Similar organizations will be perfected in each congressional district and in each county and a chairman for each voting precinct will be appointed ultimately. Meantime, while the intricate organization is under process of formation, speakers, national and local, will flood the state, carrying a world peace message to the people of every town and hamlet in Kansas.

Big Topeka Meeting. The feature meeting of the campaign will be held in Topeka shortly after election when former President William Howard Taft and Secretary of War Baker will speak. The league is endorsed by Woodrow Wilson, Charles Evans Hughes, Samuel Gompers and the secretary of state, as well as the navy. The working of this plan which will extend from the grape vines of Italy to the bleak plains of Russia, as well as America, after the war became possible following a big dinner attended by celebrities at New York's recent month.

Frank P. MacLennan and C. B. Merriam of Topeka, attended the dinner. William Howard Taft, secretary of the league, and Alton B. Parker, vice president.

After the world organization is perfected the league will demand that all questions arising among the signatory powers, not settled by negotiation, shall be submitted to a judicial tribunal for hearing and judgment, both upon the merits and upon any issue as to its jurisdiction of the question.

Another Alternative. All other questions arising among the signatories and not settled by negotiation, shall be submitted to a council of conciliation for hearing, consideration and recommendation. The signatory powers shall jointly use forthwith both their economic and military forces against any one of their number that goes to war, or commits acts of hostility, against another of the signatories before any question arising shall be submitted. It means that the signatory powers shall use their joint military forces against any power as a last resort, if that power actually proceeds to make war or invade another's territory without first submitting or offering to submit its grievances to the court or council of the league and awaiting that council's conclusions.

To Hold Councils. Councils among the signatory powers shall be held from time to time to formulate and codify rules of international law, which, when some signatory shall signify its dissent within a stated period, shall thereafter govern in the decisions of the judicial tribunal mentioned.

William Allen White was made honorary president of the league. Similar organizations are being perfected now in Colorado, New Mexico, Missouri, Arkansas, New Mexico, Texas, Louisiana and Oklahoma.

Don't You Want to Get Away from the Annoying Features of Catarrh?

C. E. GAUSS TELLS YOU HOW.

He Offers to Take any Case of Catarrh, no Matter How Chronic or Deep-Seated, It Has Become, and Prove That It Can be DRIVEN OUT.

Mr. Gauss has been manufacturing this Combined Treatment for years, during which time over one million have come to him for medicine and advice. The medicine relieves the disease by first removing the cause and produces results where all else has failed.

Write him today for a free package of GAUSS' COMBINED TREATMENT FOR CATARRH and you will be happily surprised at the results. Fill out coupon below, and send to C. E. GAUSS, 3322 Main St., Marshall, Mich.

This coupon is good for a package of GAUSS' COMBINED TREATMENT FOR CATARRH, sent free by mail. Simply fill in your name and address on dotted lines below, and mail to C. E. GAUSS, 3322 Main St., Marshall, Mich.

WANT NEW FORM

People of McPherson County Think County Plan Obsolete.

Advocate Law Providing for County Single Manager.

McPherson, Kan., Oct. 10.—At a recent meeting of McPherson citizens the cumbersome, extravagant and inefficient form of government now in use in 105 counties of Kansas was discussed. The counties are paying executive salaries for clerical work.

As the meeting viewed it, it was the duty of the lawmakers to give us such a change in form of county government that the people would receive full value for every dollar expended for county purposes. It is hoped that citizens in all counties will co-operate by pledging their candidates for the legislature to favor the submission of an amendment to the state constitution removing the constitutional county officers from the constitutional provisions and placing them under the jurisdiction of the legislature, which should provide a new method of filling these positions.

It was the unanimous opinion that the next legislature, in addition to the foregoing, should provide for a commission to investigate the whole subject and formulate a plan for an efficient and economical form of county government to be submitted to the legislature in 1919.

Want New Legislation. In conformity with the foregoing views, the following was adopted: "The undersigned, voters of McPherson county, realize that the present form of county government in Kansas has outlived its usefulness. It is unscientific, lacking in efficiency and consequently extravagant."

"We believe it is time to change the system and give the people a modern 'up-to-date' form of county government, such, for example, as could be embodied in centralizing of responsibility in a 'single manager,' to be employed by properly constituted all candidates for the legislature public interests safeguarded by law."

"We have, therefore, inaugurated this non-partisan movement, and ask all candidates for the legislature to pledge themselves to favor the submission of such amendments as are necessary to the state constitution and changes in existing laws as will enable the people to obtain this new form of county government."

VALLEY FALLS FAIR OVER.

Big Crows Make Jefferson County Exhibition a Success.

Valley Falls, Kan., Oct. 10.—The Fair and Stock show came to a close without any serious accidents of any sort, and everyone satisfied with the efforts put forth by the officials to care for the visitors and exhibitors. One exhibitor said he had been attending fairs all his life—nearly all the time as an exhibitor, and never had he been shown more courtesy than by the people of Valley Falls and the fair association; and this seemed to express the opinion of all the people.

While the actual count of the receipts has not been made—there are the season and stockholders' tickets to be accounted for—Treasurer Kendall is satisfied that the exhibition of four and five thousand people on the ground Thursday and between three and four thousand Friday afternoon.

Every one of the concession men did very well and they say they will want to come again next year. If the grounds had been well lighted there would have been a large attendance at any night performance, and next year provision of this sort will be made.

GALATIA TO GET RAILROAD

Santa Fe and Salina Northern Offer to Extend Their Lines.

Great Bend, Kan., Oct. 10.—Galatia has waited a good many years to see train service in that section of the country, but things now look as tho the railroad people have realized the time is ripe to build a road thru that section. Galatia and north Barton county have their choice of two roads at present. Hal W. Nieswanger, promoter of the Salina & Northern railway, is ready to build a railroad from Holyrood to Galatia and from there northwest. If the people of the district thru which it passes are ready to vote bonds to the extent of about \$25,000 in the five townships thru which the road will pass in this county and the town of Holyrood in Ellsworth county, and the Santa Fe is ready to make a contract under most favorable conditions that it will extend the present Santa Fe road from Holyrood to Galatia and at a price that is most satisfactory.

SETTLE SUIT BY ARBITRATION.

Park Association Awarded \$125 Damages Against Mover of Building.

Downs, Kan., Oct. 10.—The case where the Lincoln Park and Religious and Educational association brought suit against Dr. G. F. Abrahams of Waco, Tex., for alleged damages to the park in removing a building therefrom, was submitted to arbitration and settled out of court.

The association by its attorney, J. W. Tucker, had asked damages to the amount of \$12,800. The board of arbitration consisted of Geo. Tamm of Downs, Ernest Kistner of Cawker City, and a man named Coad. After hearing all the evidence in the case the board awarded the association the sum of \$125 in damages, which will be accepted.

HOLD FESTIVAL AT IONIA.

Farm, Home and School Exhibition Drew Large Crowd for Two Days.

Ionis, Kan., Oct. 10.—The farm, home and school day festival which was held here two days was a success. Various exhibits from the farms, in times a school were displayed, the school work and fancy work being especially good. The boys corn club and the girls sewing club were large exhibitors.

The stock judging was attended by many. A home talent play, "In the Vanguard," was given at the opera house in the evening. A large crowd attended the festival on both days.

RE-ELECT MERIDIAN HEAD

Nicholson President of Road Association—Watson Heads Kansas Section.

Wichita, Kan., Oct. 10.—W. W. Watson was re-elected president of the Kansas division of the Meridian road association, T. S. Jamieson secretary, and A. G. Miller of Bellefonte, treasurer, at the international convention here.

John Nicholson, organizer of the road, was re-elected president of the association with D. E. Colp of San

Antonio, Tex., vice president and Fred Thompson, Lawrence, Okla., secretary.

Ford Auto Turns Over. Mayetta, Kan., Oct. 10.—Ernest Robb, a horse buyer of this place, was injured when a Ford car in which he was riding turned over near Osborn. A broken front wheel caused the accident. Robb's injuries are not serious.

MAJ. RAHN TO "FRONT"

Topekan Will Swear in Deputies for Eldorado Trouble.

Unable to supply militia, Maj. R. Neil Rahn, of the adjutant general's department, left Monday night for Eldorado to take charge of the militia in progress in the oil fields. Major Rahn is empowered to swear in all the deputies needed to put a quietus on the trouble in progress in the oil fields, the result of John Barleycorn and the oil fever, so it is said.

Charles W. Steiger, county attorney of Butler county, telephoned to the governor Wednesday urging that assistance be given to the county officials in quelling the trouble. There is no militia in the state and the sending of Major Rahn with power to deputize all men needed was the only relief that could be supplied by the state.

RAISE SUNKEN "SUB"

Five of Crew of Six Still Alive in Danish Submarine.

Copenhagen, Oct. 10.—The Danish submarine Dikicker, which sank yesterday after a collision with the Norwegian steamer, has been brought to the surface. Five of the six members of the crew who went down with the craft were rescued alive. Lieutenant Commander Christensen was found dead in the conning tower.

Oklahoma's Fire Loss Less.

Oklahoma City, Okla., Oct. 10.—Oklahoma's fire loss for September was the lowest for a single month since January last, according to the monthly report of State Fire Marshal C. C. Hammonds. The loss amounted to \$149,942.15. Of this loss \$66,578.92 was on buildings and the remainder on contents. One hundred thirty-six fires were reported to the department during the month.

For thousands of years wheat has been hiding a delicious, natural flavor, now brought out for the first time in Krumbles.

Perfection Smokeless Oil Heaters

Make Everybody "Comfy"

They never smoke—a patented lock flame spreader automatically prevents the flame from creeping up.

There is no odor—the drum o. this heater acts the same as the "Long Blue Chimney"—no dust, no ashes.

Regulator on top of drum sends heat straight up or outward into the room as desired.

Window in front makes it easy to see and regulate flame—no easy-to-break mica in window but substantial fine brass gauze.

The Perfection Smokeless Oil Heater is simple to rewick; besides a wick with reasonable care lasts a season.

Holds one gallon of kerosene, indicator shows how much is in the reservoir.

Any good kerosene will give satisfaction, but for best results use Perfection Oil.

Perfection Smokeless Heater is 25 inches high and 12 inches in diameter, finished in polished steel or blue enamel, with trimmings of black Japan or nickel.
